

In the Specification:

On page 23, line 19 insert the following paragraph:

Referring to Figure 19A, a web page for making a reservation according to another embodiment of the invention is illustrated. The web page **1000** includes a chart **1002**, a graphical representation of the table layout **1004** of the restaurant, and a text field **1006** for displaying instructions to make a reservation. When a reservation request is made for a given date and time, the database **76** is queried. In response, the available tables for the selected day are displayed in chart **1002**. In table layout **1004**, the tables available at the specified time are displayed (i.e., the available tables may be displayed in one color and the previously reserved tables are displayed in a second color. A table can be reserved by selecting an available table in either the chart **1002** and/or the table layout **1004**. In this manner, reservations can be made by the restaurant into the database **76** for persons requesting reservations by phone, walk-ins, etc. Reservations can also be made in a similar manner by Internet users.
